[] LIAISON Chuck Snodgrass, on the staff of the House Appropriations Defense Subcommittee, called to say that both he and Jim Fellenbaum, of the Senate Appropriations Committee staff, consider the Consolidated Cryptologic Program reprogramming I carried to them yesterday to be subject to Committee approval. Chuck says they are willing to listen to reasons as to why these items need not have Committee approval, but unless they get additional explanation, he and STAT Jim expect that no obligation of funds will be made. I passed this to [] STAT [] at Resource Management Staff.

I told him I would check and get back to him. This matter has been referred to [] OLC.

27. [] LIAISON Received a call from Mark Lowenthal, Library of Congress, asking for an unclassified briefing on SALT verification. After checking with [] NFAC/CSS, I told Mr. Lowenthal that SALT verification is axiomatically classified and that I did not think that we could help him on an unclassified basis. He then suggested that he could send us a letter asking some specific questions on SALT verification and any answers that we could go back with would be most welcome. I said that we would be pleased to review his questions and, with those in hand, could make a better determination of which, if any, could be handled on an unclassified basis. Apparently he will forward a letter.

STAT

28. [] LIAISON Received a call from Richard Boltuck, in the office of Representative Andrew Maguire (D., N.J.), who requested that we send him a copy of the National Intelligence Factbook. After checking, I told him that a new "Factbook" would be coming out in a few weeks and that the old ones are pretty scarce. He said that he would be happy to wait for the new one to be issued. I told him that he would be on the list (via [] NFAC/CSS) for the new one when it came out.

30. [] HEARINGS Dan Childs, on the staff of the Senate Select Committee on Intelligence, called to warn that the Select Committee schedule for FY 1979 NFIP hearings is in jeopardy due to Majority Leader Robert C. Byrd's (D., W. Va.) ruling that from now until the end of the Panama Canal Treaty debate, Committee hearings will end two hours after the start of each legislative day. Dan is not sure how much of the schedule this will affect, but thinks it may be substantial.
